PLUGIN ACTIVATION

Once you install and open the plugin for the first time, it will be in **Demo Mode** until a license file is loaded. In Demo Mode the plugin will output 3 seconds of silence every minute.

You can activate the plugin either OFFLINE or ONLINE.

OFFLINE ACTIVATION

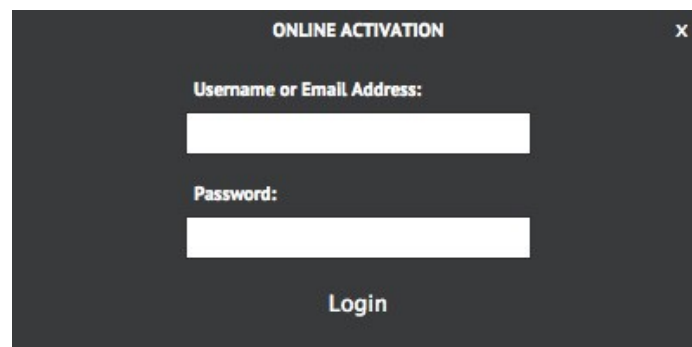

If you purchased the plugin from our site, you should have received an email to download the installers and the license file. Save the license file you got with your purchase email (or via our User Area) anywhere on your computer.

Then, to activate the plugin, click on the **Audiority** logo and select “**Register**”. The Registration window will pop up allowing you to load the license file you got while purchasing the plugin by clicking the “**Load License**” button. Alternatively, you can drag and drop the license file on the registration window.

NOTE: If you purchased the plugin from one of our dealers, please check the “**USER AREA AND REDEEM CODES**” section below.

ONLINE ACTIVATION

If you are registered to our User Area, then you can activate the plugin online.

Insert your Username (or email address), your password and click the “**Login**” button. The license file will be automatically delivered in your computer and the plugin will be activated.

USER AREA AND REDEEM CODES

If you purchased from one of our dealers, then you should have received an email with a redeem code. This code is required to deposit a license in your User Area account and let you download the license file or activate the plugin online.

If you don't have an User Area account yet, please follow these steps:

- 1) Go to <https://www.audiority.com/register> and fill out the signup form.

IMPORTANT: Please be sure to register with the **e-mail address you use for your purchases**, otherwise your products will not show. Since we use reCAPTCHA for registration only, please temporarily disable any ad blocker you are using.

2) Once registered, log in to your account by clicking the User Area section of our site. Click the **REDEEM** section of your account and paste the code you received via email from our dealer.

The screenshot shows a website's top navigation bar with links: About, My Plugins, My Sample Libraries, My Soundbanks, Redeem, and Privacy. Below the navigation bar, there is a text input field labeled "Insert your Redeem Code here" containing the code "AUDPLG0-XXXXX-XXXXX". Below the input field is a "Submit" button.

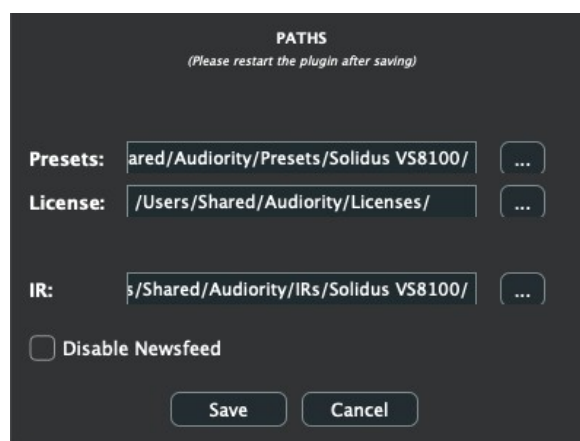

3) After submitting the code, a license will be deposited in your account and will be shown in “**MY PLUGINS**” section of your User Area.

The screenshot shows the "My Plugins" section of the website. The navigation bar is at the top. Below it, the plugin "GRAINSPACE (V2.0)" is displayed. It includes the purchase date "25 Mar 2017", the order number "Order Nr.: [blurred]", and the status "Status: Active - License Downloads Left: 6". To the right of the text is a small image of the plugin's interface. Below the text, there are three download options: "WIN Installer", "MAC Installer", and "License File".

4) Now you can click “License File” and save the license anywhere on your computer and ready to be loaded through the plugin registration window. You can also skip this part and activate your plugin online (see previous section of this manual).

USER PATHS SETTING

The screenshot shows a "PATHS" settings window. It has a title bar "PATHS" and a subtitle "(Please restart the plugin after saving)". There are three text input fields with "..." buttons to their right: "Presets:" with the path "ared/Audiority/Presets/Solidus VS8100/", "License:" with the path "/Users/Shared/Audiority/Licenses/", and "IR:" with the path "s/Shared/Audiority/IRs/Solidus VS8100/". Below these fields is a checkbox labeled "Disable Newsfeed". At the bottom are "Save" and "Cancel" buttons.

By selecting “**Settings**” from the logo menu, you can change the path for **Presets**, **License** and **IR** folders. You can also disable our Newsfeed from here.

Note: Please do not move the **Settings** folder from its default location.

Plugin Parameters

TOOLBAR

The Toolbar allows you to manage the plugin presets, register the plugin and set some global parameters.

By clicking the **AUDIORITY** logo, in the top left corner of the Toolbar, you'll be able to visit our website and social profiles, register the plugin, change the interface size and customize the paths for license and preset files.

The **HQ** button will enable oversampling, useful to reduce aliasing when the signal saturates. Use the **Randomize** and **Reset** buttons to experiment with random presets or restoring it to its saved version. Press **CTRL+DOUBLE CLICK** on any knob to manually assign a new value.

PARAMETERS

LF CUT	Cuts the low frequencies from the input signal
PARAM 1 & 2 (DRIVE and STRENGTH)	These parameter changes according to the selected algorithm.
TONE	Frequency cut. Move clockwise to cut the low end or counterclockwise to cut the high end.
CLIPPING (HARD / SOFT)	Switch between HARD (digital) clipping and SOFT (tube-like) clipping
ENV AMT	Adjust the amount of control signal modulating PARAM 1 (DRIVE). Use this to create a dynamic distortion
ENV REL	Adjust the envelope follower release time.
BIAS	Adjust the input signal biasing. Change this parameter to get asymmetrical distortions
SHAPER CARD	Opens the algorithm selection table.
FEEDBACK	Adjust the amount of signal going back to the input. Positive feedback will increase the low end response, while negative feedback will provide a grittier sound.

PREAMPLIFIER PARAMETERS

INPUT / OUTPUT TRIM	Pre/Post effect gain
INPUT/OUTPUT METER TRIM	Adjust the 0VU reference level of the VU Meter. By default the meters are calibrated to -18dB, leaving plenty of headroom for further processing.
MIX	Dry/wet signal mixer.

RESIZING CONTROLS (Audiority logo menu)

Small / Default / Big Size	Reduce, reset or increase the size of the plugin interface.
Resizing Corner	You can resize from the bottom right corner of the GUI

RIGHT-CLICK OPTIONS

PARAMETER LOCKING: Each one of the knobs and the optical card menus can be locked so it won't change its value. This is very useful when you load the plugin on an AUX/SEND channel. To lock a knob, simply **RIGHT CLICK** it and select **LOCK PARAMETER**.

If and only if your Software is purchased through a Audiority Authorized Dealer or Distributor, Audiority, as Licensor, grants you, as an end user Licensee, a non-exclusive license to use the Software (which includes computer software, updates and any bug fixes subsequently delivered and associated media, printed materials and "online" or electronic documentation).

2. Title.

The Software is owned by Audiority or its Suppliers as applicable, and is protected by copyright laws and international treaty provisions, as well as other intellectual property laws and treaties. Audiority (or its Suppliers, as applicable) retains title to and ownership of the Software and all copies, as well as any rights not specifically granted. This Agreement only gives you certain rights to use the Software and related documentation, which may be revoked if you do not follow these terms.

3. Limited Rights to Install and Use the Software.

(i) Permitted use and restrictions.

You may install the Software into the memory of no more than three computers for your internal business use or your own personal enjoyment, but may not redistribute or electronically transfer the Software to someone else's computer or operate it in a time-sharing or service-bureau operation.

The Software may include technological measures that are designed to prevent or detect unlicensed use of the Software. Circumvention of these technological measures is prohibited, except and only to the extent that applicable law expressly permits, despite this limitation. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE EXCLUSION OR LIMITATION MAY NOT APPLY TO YOU. IN NO EVENT SHALL AUDIORITY'S TOTAL LIABILITY TO YOU FOR ALL DAMAGES, LOSSES, AND CAUSES OF ACTION WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE) OR OTHERWISE EXCEED THE AMOUNTS RECEIVED FROM YOU FOR YOUR LICENSE OF THE SOFTWARE.

10. Termination.

To the extent permitted by law, and without prejudice to any other rights Audiority may have, Audiority may terminate your license if you materially breach these terms and conditions.
