Audiority.com is a sound marketplace owned by 'Progsounds by Luca Capozzi', furtherly mentioned as 'Progsounds'. This license agreement is applied on both Progsounds.com and Audiority.com products and services. By installing any Progsounds product you accept the following product license agreement:

### 1. License Grant:

The license for this product is granted only to a single user. All software, sounds and samples in this product are licensed, but not sold, to you by Progsounds di Luca Capozzi for commercial and non-commercial use in music, sound-effect, audio/video post-production, performance, broadcast or similar finished content-creation and production use. Progsounds allows you to use any of the software(s) you've purchased for commercial recordings without paying any additional license fees or providing source attribution to Progsounds di Luca Capozzi.

This license also forbids any re-distribution method of this product, through any means, including but not limited to embedding into software or hardware of any kind. Licenses cannot be transferred to another entity, without written consent of Progsounds di Luca Capozzi.

### 2. Rights:

Progsounds retains full copyright privileges and complete ownership of all recorded sounds, instrument programming, documentation and musical performances included in this product.

### 3. Refunds:

Downloaded software, libraries, patches and sounds can't be returned, so Progsounds can't provide refunds. Progsounds may choose to do so at its own discretion, but please be aware that as soon as you've downloaded it, you can't return it.

### 4. Responsibility:

Using this product and any supplied software is at the licensee's own risk. Progsounds holds no responsibility for any direct or indirect loss arising from any form of use of this product.

### 5. Terms:

This license agreement is effective from the moment the product is installed by any means. The license will remain in full effect until termination. The license is terminated if you break any of the terms or conditions of this agreement, or request a refund for any reason. Upon termination you agree to destroy all copies and contents of the product at your own expense.

### 6. Violation:

We don't use any form of DRM software, registration, license keys or other anti-piracy technology. That's also one of the reasons our prices are so low, even though it takes a long time to make these sounds. If you've done any sampling and the labor-intensive programming that comes with it, you know that it is very hard work. Remember, the more you support us, the more awesome libraries we can afford to make for you.

### 7. Free releases:

All Progsounds libraries and sounds are subject to the license agreement specified above (1-6). All Progsounds free releases are subject to the same license agreement unless specified otherwise.
